

In 2025, Living Hope had 1,083 visits from clients who are expecting a baby or parenting young children. We were able to offer them material supplies, encourage them spiritually, present the gospel, give them devotionals and support them in many other ways. All of this was done in the name of our Lord.

2025 ANNUAL REPORT ATTACHED

Happy New Year!

It's hard to believe 2025 came and went in what seemed like the speed of lightning. The older I get the more I realize that each day is a gift to me so I can be a blessing to those around me.

The verses below emphasize this thought:

Let us hold fast the confession of our hope without wavering, for He who promised is faithful. And let us consider one another in order to stir up love and good works. Hebrews 10:23-24

In the 1800's, Charles Spurgeon wrote: "That exhortation, 'Let us hold fast' might well be written on the cover of every Christian's Bible. We live in such a changeable age, that we need all to be exhorted to be rooted and grounded, confirmed and established, in the truth."

I wonder what Spurgeon would think about how the world has evolved since then? Some of the changes are good, some not so good.

We know who has not changed and never will – God. In light of this, we are holding firmly to our hope in the One who is faithful with the goal of encouraging the staff, volunteers and everyone involved in Living Hope's ministry for the new year. We pray that He will give us strength and wisdom to minister to the women we serve to help them grow in their faith as women, mothers, wives, and members of our community. Please join in us by making a commitment to pray for Living Hope in 2026.

In His Service,

Julia A. Wayne, Executive Director

Living Hope has implemented a new initiative (started by the NC fellowship of pregnancy centers) called "Circle of Care".

We have a case worker who meets weekly with a client to help her dream, set goals, learn skills to achieve these goals, and walk alongside her for 6 months as she makes positive changes for herself and her family. The program is designed for women that show initiative, are willing to put in the work, and commit to a 6-month intensive program with the case worker. Angela Dooley is our case worker and she is seeing life changes in these young women.
