

Blessings in a Bottle

If you would be willing to help Living Hope offer women God's anchor of stability in the midst of their chaotic lives, why not encourage your church to take part in our annual Blessings in a Bottle project? Simply decide how many baby bottles you would like to pass out to your congregation and contact us by phone, email or text: 910-212-5059 to reserve your bottles. You may distribute the bottles any time that is convenient for you. When most of the bottles have been returned, contact us to arrange a time for delivery or pick-up. We will count the money and report the total to your congregation.

This hope we have as an anchor of the soul.

A hope both secure and steadfast.

Hebrews 6:19
